Memories that Last a Lifetime!*

Wood Play Sets

Building Memories...

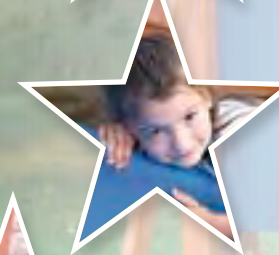

Your children's hours of fun in the back yard are an important part of their growth & development!

Quality

Residential Wood Play Sets

- ★ Carefully crafted with high quality workmanship standards near Lancaster County, PA, from primarily USA components.
- ★ Environmentally friendly, from the roof to the floor!

- 1. Optional Wood Roofs** are made with weather-resistant lumber. (Tarp roof is standard.)
- 2. Optional Poly Slats** carry the added benefits of no splinters, no maintenance, & extra color (wood slats standard).
- 3. Wood products** are harvested stateside by companies who have aggressive environmental programs in place. Our treated wood uses non-arsenic based, environmentally safe preservatives to combine the natural beauty of real wood with proven long-lasting resistance to termites and fungal decay. It can be painted or stained if desired and will benefit from periodic water repellent coatings for best appearance.
- 4. Slides, swing seats, and climbing ladder rungs** made in USA. (See accessories; pages 28-31)
- 5. "Bare Feet's Best Friend!"** Floorboards are a splinter-free wood alternative that is easy to maintain and does not require synthetic preservatives or coatings.

(Adult supervision recommended while play sets are in use.)

Benefits of Wood

Eagle™ Wood Play Sets use wood for most structural components. What are some benefits of using wood?

- ★ **Wood is a natural, earth-friendly product.**

In the southern states, where the wood for Eagle™ Play Sets is harvested, tree farming is effective in preventing soil erosion. Thus, tree farming benefits our ecosystem by preserving top soil and reducing soil runoff into creeks and streams. Since wood grows naturally, it is earth-friendly, in contrast to man-made products. For example, plastic creates environmental hazards, both in its manufacture and also in its disposal.

- ★ **Wood is a very renewable resource.**

In fact, due to improved forest management, more wood is available now than 25 years ago. As long as we have sun and rain, we will never run out of wood!

- ★ **Wood is user friendly.**

Wood can be sanded when scratched. If necessary, wood components can be replaced and easily matched.

Explore the Possibilities!

Cliff Climb 6-7

- ★ 6A Cliff Climb w/ wood roof & 4-position A-frame set 6
- ★ 7A Cliff Climb w/ tarp roof & 2-position swing frame 7
- ★ 7B Jr. Cliff Climb w/ tarp roof & 3-position A-frame set 7

Be Creative!

Create a Unique Play Set for Your Family

Now you have the opportunity to create the perfect Eagle™ Play Set, by choosing all the combinations that are just right for your very own family and friends!

Choose Your Own Combination of Options

Step 1

Choose your **fort style** from any of the forts shown in this brochure.
(Specify roof option.)

(Most forts available with either a wood roof or a tarp roof).

Step 2

Choose your swing frame style.

A-Frame

Choose either 3 or 4 swing positions
Choose standard 8' high or 9' extra-high

Climbing Frame

Choose 3, 4, or 5 swing positions.
Choose standard 8' high or 9' extra-high

Step 3

Choose your **swing options** from any of the swings shown in this brochure (see page 28).

Step 4

Choose your **slide(s)** (see page 29).

Step 5

Choose any **additional options** (see pages 30-31).

Step 6

(Optional)
Choose your **stain and/or poly slat color(s)** (see page 31).

Building Memories that Last a Lifetime!

Step 3 Swing Options

Slide Options Step 4

Belt Seat w/chain
Avail. in blue, green, red, or yellow with plastic-coated chain: ABSP
Also avail. without plastic-coated chain: ABSC

Trapeze Bar with Rings
Avail. with blue, green, red, or yellow rings: ATC
Also avail. w/plastic-coated chain: ATP

3-chain Tire Swing
ATSWG-3
Also Available:
4-chain Tire Swing
ATSWG-4

Jr. Glider
Large enough to accommodate adults: AGJ
(Avail. only with climbing set)

Hammock Swing
Accommodates 2 children or 1 adult: AHMK

Child's Seat w/rope
Avail. in blue or green: ACSR

Buoy Ball
(Avail. in blue or green)
ABBP-G

Full Bucket Child's Seat
Avail. in blue, burgundy, yellow, or green: ACSFB
Also avail. w/plastic-coated chain

(Avail. in blue, green, or yellow)
PSL14TN
(Upgrade tunnel slide for 7' platform)

Sidewinder Slide
(Avail. in blue, green, or yellow)
PSL5SD (Upgrade for 5' platform)
Also avail: PSL7SD (Upgrade for 7' platform)

5-Year Playset Warranty

All products are guaranteed for five years against defects in the manufacturer's workmanship or materials. In addition, treated wood carries its own warranty against decay and termite infestation. No other warranties of merchantability are made by the manufacturer.

The manufacturer's products are not warranted as being suitable for a particular purpose. The suitability of products is for the purchaser to determine.

Adult supervision is recommended while play sets are in use.

Sets are designed to be used safely for many years. Upper grades of lumber are selected for manufacturing. Most lumber is dried after treatment and resurfaced with rounded edges for safety, comfort, and ease of maintenance. Metal parts are either rust-

proof or plated to resist corrosion. The manufacturer reserves the right to make design and construction changes without notice.

Assembly instructions are included for sets requiring on-site assembly. A minimum of 8" of playground mulch should be installed in play area to increase safety and enjoyment. Exterior paints or stains may be applied to any set.

© 2017

Playset Maintenance & Use Instructions

- 1. Check that all attachments are secure** three weeks after play set is installed. Continue to check regularly and secure as necessary thereafter.
- 2. Inspect regularly for broken or damaged pieces.** Splintered surfaces should be sanded smooth to avoid danger of injury. Cracks resulting from weathering are normal; pieces developing those cracks do not need to be replaced. However, pieces with structural damage DO need to be replaced promptly.
- 3. On swing sets with a tire swivel:** The swivel should be checked and lubricated on a regular basis.

4. Staining Instructions:

A quality water sealer and/or stain can be applied per owner's preference. For best results, apply sealer/stain within a month after play set installation, following instructions on product label. If your play set was purchased with a stain already applied, it should be re-sealed within 2 years with a sealer/stain of your choice. When applying follow-up treatments, always follow instructions on product label.

- 5. Children playing on play sets should be supervised by an adult at all times.**

Step 5 Additional Options

Periscope PRSCO-G
Avail. in green w/yellow trim
or yellow w/blue trim:

Hand Grip PHND2
(One pair) Avail. in blue,
green, red, or yellow:

Telescope PSCO-G
